## Canning Plant Will Start New Operation

WEST PALM BEACH—Closed for two years, the former canning plant at Belle Glade is to start canning green beans for the federal government in mid-October under plans announced here Tuesday.

Filed here was a deed in which the D Bar H Refinery, of Grand Forks, S. D., sells property described as the cannery to Sloat's Foods, Inc., of Belle Glade. Stamps indicated the price was \$88,000.

Also filed Tuesday was an agreement under which the Reconstruction Finance Corp. would lend Sloat's Foods \$175,000 on the Belle Glade Canning Co. subordinating its mortgage lien on the property to a mortgage lien of the RFC.

It was listed as doing business as the Belle Glade Canning Co. W. Walter Thrasher, Willoughby Rothrock, Linton A. Thrasher and John H. Rothrock.

Carroll Day, president of the D Bar H firm and secretary of Sloat's Foods, said contracts for the bean canning are being negotiated with the government but not yet closed.

Later the plant will undertake to can other Everglades produce and operate "on a permanent basis as a canning plant can operate," he said.

## Frank Rosenberg Is H. S. Rotary Member

Frank Rosenberg, son of Mr. and Mrs. Harold Rosenberg of Canal Point and a senior in Pahokee High School, has been chosen by the faculty to become the student member of the Pahokee Rotary Club. Qualifications are set up by the faculty on the following basis: All around good citizenship, efficient representation of the class and outstanding work in studies. Frank was inducted as a new member by Past President Paul Rardin at yesterday's regular Rotary meeting. He received a warm welcome into the club.

## Harold Rosenberg Is Honored By Lodge

Pahokee Elks Past Exalted Ruler Harold Rosenberg has been honored by being appointed Chairman of the Elks District Ritualistic Committee, according to an official lodge announcement. Mr. Rosenberg has amply earned this honor by his untiring efforts as one of the coaches of the Pahokee District Championship Ritualistic team last year. Mr. Rosenberg is also one of the trustees of the local lodge.

## HOME FROM HOSPITAL

Mrs. Frank Chaney was returned to her home in Pahokee Monday from Good Samaritan Hospital in West Palm Beach where she had undergone treatment for 13 days. She is getting along as well as can be expected, Mr. Chaney said.

## Veterans Plan Get Together In New Legion Building

Tentative plans were discussed by members of Fred and Percy Mansfield Post 90 at a meeting Monday night for a homecoming and get-together for veterans in this area in celebration of the opening of Post 90's new Legion Home on Canal Point Road.

It was announced that the building will be ready for occupancy as soon as the windows, which have been ordered, arrive and are installed and the wiring is completed. The date of the homecoming celebration will depend on how soon this can be accomplished. Members believe it will not be more than two or three weeks. All veterans in the Pahokee vicinity, whether or not they are members of Post 90, will be invited to attend the house warming festivities. It has taken the group considerable time to build their new Legion Home because most of the work was done by the Legionnaires themselves during their spare time.

Members voted to increase annual dues from \$3.25 to \$5.00. This action was taken to enable the Post to operate without a continuous deficiency.

It was announced the 1951 membership drive is now under way. Membership captains will be appointed by Commander Carmen Salvatore, Jr., in the near future. In the meantime membership dues are being received by Cecil Gray at the postoffice, Paul Collier, Paul Tillary and Commander Salvatore.

## Football Schedules Free For Asking

A handsome little card about the size of a trade card and carrying the Belle Glade and Pahokee foot ball schedules has been issued by Paul Rardin, publisher of The Everglades News. Several thousand of the cards have been printed and are being distributed free of charge according to Rardin. They may be found at the drug stores and are yours for the asking.

## Cattle Sales Will Be Held Mondays

Beginning on Monday, Oct. 2, cattle sales at the Glades market will be held regularly on Monday instead of Friday, according to an announcement by George Young, manager of the market. A shortage of inspectors in Miami which slows slaughtering on Saturday and Sunday has necessitated the change in sales day, Mr. Young said.

Morning prayers are a poor substitute for a day of religion. Elbert Hubbard.

## Special Offer By Professional Insurance Corp.

Readers' attention is called to the special advertisement of the Professional Insurance Corporation of Jacksonville appearing on pages four and five of this issue. Representatives of the insurance concern may be contacted in the Glades at the Central Hotel in Belle Glade. Read the ad and see first hand just what this great organization has to offer in the way of insurance.

## Lions Dist. Governor Visits Canal Point

Emmett Roberts of Belle Glade, Lions district governor, paid his official visit to the Canal Point Lions Club at the regular meeting Monday night.

Introduced by A. R. Harrington, program chairman, the district governor reviewed club activities within the district last year and assisted the Canal Point club in outlining plans for greater achievements during the current year which started July 1. President Boyd Vorhees presided.

Coatlawn—a repeat winner at Hialeah—wears piano cloth under his shoes to lessen the sting of the track surface when he's running.

Members voted to increase annual dues from \$3.25 to \$5.00. This action was taken to enable the Post to operate without a continuous deficiency.

It was announced the 1951 membership drive is now under way. Membership captains will be appointed by Commander Carmen Salvatore, Jr., in the near future. In the meantime membership dues are being received by Cecil Gray at the postoffice, Paul Collier, Paul Tillary and Commander Salvatore.

Tractors are turning the black earth in the Upper Everglades again in preparation for Fall planting. Many acres have been planted and some green beans and sweet corn already are up.

Plants in celery beds, which were planted during the summer, are ready for transplanting. Charles T. Niblack of Pahokee has a 100 acre of celery set on his plantation Southeast of Canal Point.

Some growers are more cautious and are waiting to see what the last of September brings in weather. If floods and storms come celery beds can be more easily protected than a field of celery.

Some growers say that celery set in October is ready for harvest at the same time as plants set in September because during the hot weather there is no growth in the plants.

Vandeprift-Williams farms in Pahokee have around 500 acres of green beans planted, and 100 acres of sweet corn. They are still planting. Joe Hatton, one of Pahokee's large and successful growers, has 100 acres of green beans up. But, according to Hatton, his Fall bean seed is just a side line. He will plant his main crop this winter and it will be sweet corn.

Experts studying plantings for this section recommend that the acreage in string beans, escarole and cabbage be reduced, but that the markets can stand increases in the sweet corn and lima beans.

The lima bean acreage in this section has been cut because farmers found it difficult to compete with the quick frozen industry.

## Vann Concern Will Continue Operation

## Attorney General Renders Opinions

TALLAHASSEE — Attorney General Richard W. Ervin this week gave his official opinion on the following subjects:

ROOMS—Guest rooms in the Florida Union Building at U of F would not qualify as public hotel rooms, to require liability insurance.

TRUCK—Owner of truck hauling U. S. mail under contract must get "for hire" tag.

AUTOS—State Road Department must get advertised bids on automobiles costing more than \$1,000, even though trade-in value is part of the consideration.

WHARF—City docks or wharves may not be built with state cigarette tax money, without an affirmative court decision.

BANKS—New York state banks proposing to invest in Florida mortgages may take such steps as

are necessary to protect their investments.

BINGO—Bingo is illegal as a gambling game, the law making no exemptions for churches or other organizations.

## Road Dept. To Have First Audit In 18 Yrs.

TALLAHASSEE — A complete audit of the state road department, first in 18 years, is being started jointly by the state auditing department and the Florida Institute of Accounts. The report, according to Chairman Alfred McKeithan of the road department and State Auditor Bryan Willis, will be ready in February, just before the state legislature meets to determine the fate of gasoline taxes, tag money and other present sources of highway funds. The state school system now is asking for all of the automobile tag money to be frozen for future school house construction, may want a bigger dip into gasoline taxes.

Walter J. Matherly, dean of the University of Florida business college administration, lists international and interstate tariff barriers high on his program for Florida's sound advance. His remarks were made at a meeting of liability insurance agents in Gainesville for a special study course.

## School Bells Should Not Be Death Knell

"Don't let school bells sound the death knell for YOUR child!"

This grim warning was issued today by State Patrol Director H. N. Kirkman, spokesman for Florida's September program of traffic safety education, as millions of youngsters trooped to classrooms throughout the country—many for the first time.

"For the beginner," Kirkman said, "this may be his first tussle with reality—with the dangers of

the street, and the problems that he must face for himself without Mother's personal guidance. For that reason, the danger to the very young is extreme at this time of the year."

This emphasis on child safety—the necessity for thorough safety education by both educators and parents and the driver's responsibility for child safety—is part of the Florida Highway Patrol's program this month.

## SOIL INFESTING INSECTS

*they work at night,  
while you sleep!*

Just about every grower in the state of Florida is acquainted with extensive damage by mole crickets. Thousands of dollars in losses have been reported in many areas from this infestation. But no longer do planters have to put up with subterranean pests, for chemical research in the great plants of the Velsicol Corporation has brought out a product that is recommended for the control of mole crickets . . . its name is chlordane and its application is simple, rendering immediate results. In fact, there are many reports that in infested fields treated with chlordane, hundreds of dead mole crickets may appear on the surface by the next day.

Chlordane effectively controls not only mole crickets but cut worms, ants, wireworm and many other soil infesting insects. So don't be caught sleeping while mole crickets work. Specify chlordane in your next formulation.

For further details consult your county agent or local dealer for proper recommendations.

Chlordane controls household insects, too.

Mr. Paul Rardin, Editor  
Everglades News  
Canal Point, Florida

Dear Mr. Rardin:

I have a problem as Superintendent of the Everglades Memorial Hospital and it is my desire to share this problem with the public, particularly those who will be visiting patients in this institution in the future.

The Board of Directors have arranged a very liberal time for visiting hours.

We have been very lax concerning enforcement during the summer months since as we all know business of this nature is slow, but now that the season is coming on and we are going to be quite busy and I am compelled to enforce visiting hours.

Thanking each and all of you for your attention to this matter, I remain,

Very sincerely yours,

## Cinematic Chatter

By Malcolm Millar

It is rumored around Hollywood that Doris Duke, the tobacco heiress, is quite somewhat that way with Gilbert Roland, and the wags around town are saying they'll bet six-to-one it'll happen any day now . . . Meaning that Doris and Bill will sneak out to some remote spot and get hitched real quiet like. Doris took off for Honolulu recently and Gilbert was right there at the plane to bid her God's speed. It happens to be Lauren Bacall's birthday. (She is "Baby" to Bogey.) There will be no celebration this time because Bogey is somewhere on the high seas, sailing his boat and having the time of his life. It is said that

Red Skelton once joined the Hagenbeck and Wallace Circus, in which his father had been famous, with the idea of becoming a lion tamer. He was assisting Clyde Beatty in a "cat cage" one day when a tiger jumped Beatty, the cage jumped—and Red jumped the circus. Skelton and Gloria De Haven, assisted by James Gleason and Edward Arnold with a brilliant supporting cast will be seen at the Prince Theatre, Sunday, Monday in the riot of the year, "The Yellow Cab Man." See you at the movies—Mal.

# Pahokee Blue Devils Open Season Tonite In Clewiston

The Pahokee Blue Devils travel to Clewiston this evening to raise the curtain for their 1950 football season by tangling with the Tigers on their own home grounds.

As the Pahokee squad tapered off practice sessions this week Coach Jim Maynor reported his men to be in good spirits after three weeks of the hardest kind of work but expressed concern over the light weight of this year's crop of Blue Devils.

Maynor, who is being assisted in the training program by William Howard, announces he will probable start in the opener tonight Ronnie May (140) at left end; Eugene Williams (150), left tackle; Charles Holmes (140), left guard; George Rozelle (138), center; Sidney Caruthers (123) right guard; Trevette Weeks (152) right tackle; Rusty Million (145) right end; Carney Wilder (147), quarterback; Alfred Meeks (133) left half; Melvin Tillis (135), right half; and Bill Hatton (145), fullback.

This starting lineup averages 141.6 pounds per man in the line and 140 pounds in the backfield. In comparing these figures with those of the Clewiston team the Pahokee coach said, "It looks like the Tigers will outweigh us around 20 pounds per man in the line and this advantage in brawn unquestionably makes them the favorite in tonight's game. Only by working harder than the Tigers can the Blue Devils hope for an upset."

Other players on the Blue Devil squad are Ends Charles Dickson (140), Bobby Peacock (169), and Dickie Atkins (136); Tackles Jack Boland (155), Willard McCurdy (155), Buddy Hewell (145), Louis Pops (140), Benny Sims (157) and Billy Henderson (138); Guard Charles McCurdy (140), Bobby Carlton (140), Billy Turbeville (142), and Gene Caruthers (138); Center Junior Holmes (138); Back Jackie Thomas (139), Bobby Schrader (141), Millard Stanley (138) and Harry Levins (120). Team manager is Frank Rosenberg who is assisted by Eugene Buchanan and Orel Adams.

This year's bevy of beauties who will be out front leading the cheers of Pahokee fans includes Shirley Watson, Wynell Gillis, Wanda

Harper, Gloria Stuart and Mary Funderburk.

This is the second game ever scheduled between Clewiston and Pahokee, and the Blue Devils will be out to avenge the 19 to 6 defeat handed them by the Sugarland eleven in the first encounter last year. For the past two years the Pahokee Blue Devils have played all-out football against only two opponents, Belle Glade and Ponce de Leon, and seemed to play indifferently in other contests. Local fans who have been attending practice sessions believe this year's team, though light, has plenty of spirit and will be out to regain the Blue Devils' former reputation of fighting hard throughout the entire game no matter what the odds against them.

The team will be accompanied to Clewiston by Robert O. Lamp and his Pahokee High School Band and Drill Team which can always be depended on to give a fine performance. A large group of local fans also plan to attend.
